

## CELOSIA PLUMOSA 'CHINA TOWN'

Exclusive Knock out visual impact for this celosia bearing all summer long its deep 'red flames flowers' on a dark green to bronze foliage.

Bred by the Research Institute for Fruit Growing and Ornamentals, Budapest.

35 cm / 14 in.

China Town has fiery red blooms on red stems atop dark, deep purple leaves.

### Awards

### Technical information

- + Striking scarlet red flowers on a dark green to bronze foliage.
- + Flowering all summer long
- + For containers or bedding purpose
- + Excellent garden performance

**Novelty Characteristic:** New colour, uniform plant habit

**Colour:** Fiery red with bronze leaves

**Type:** Annual, O.P., Diploid

**Use:** Bedding

**Seed count:** 2000 seeds/gram

**Sowing:** January to March in plug (1 to 3 seeds per plug)

**Germination:** 22-25°C / 77-77°F in 15 days. Don't cover the seeds. Keep soil moisture and moderate light all along the plug stage in order to avoid flower initiation in the first weeks.

**Growing condition:** At 18°C / 65°C, good level of fertilization and constant level of moisture.

**Transplant:** 3-4 weeks after sowing.

**Planting:** Plant out 4 weeks after transplanting, 25 plants/m<sup>2</sup> or at 20 x 20 cm distance in sunny spot. Tender.

**Flowers:** first flowers in 90 days

**Height:** 35-50 cm /14-16 in.

**Spread:** 20 cm / 8 in.

**Plant:** Height: 45 cm; Spread: 15 cm

### Registration details

**Breeder:** HM.CLAUSE

**Entry number:** 38/06

**Protection Period:** 15 years

**Expiry Date:** 2021-12-31
