**Exposure :** Shade, Partial Sun

**Grower Information :**

**Seed supplied as:** Multi-Seed Pellets.

**Plug crop time:** 2 to 3 weeks

**Transplant to finish:** 3 to 4 weeks

- Easy, economical way to grow and sell this attractive, highly fragrant groundcover or small pot plant.
- Each multi-seed pellet contains 8 to 12 seeds – one plug in a 4-in./10-cm pot delivers a nice fast fill. Can be direct sown.
- Eliminates dividing, rooting cuttings and broadcasting seed.
- Healthier, more uniform plants make great-looking 4-in./10-cm pots, mix components and garden specimens. Can also be marketed as a lawn replacement.
- NOTE: Leaves are non-toxic but do not have a palatable flavour.
