SALES CONDITIONS

REGISTERED TRADEMARK GERPLUS® AND ON TOP®

Norseco S.E.C. is the depositary of the GERPLUS® and encrustment OnTop® trademarks. Labels carrying the official logos of the trademarks are included with the seed primed (according to the SMP method) or encrusted with OnTop®, which is your guarantee. Illegal use of those trademarks may be liable to legal action.

ORDER ACKNOWLEDGEMENT (CONFIRMATIONS)

For each booking order, an acknowledgement will be sent by mail within 2 weeks. If you do not receive this acknowledgement or if you notice an error or discrepancy, please advise our customer service as soon as possible so that the situation may be rectified.

PRICE

We make every effort to guarantee the lowest possible prices. However, certain uncontrollable situations may cause us to change prices during the year. We also reserve the right to correct prices in the case of a printing error.

IMPORTANT NOTICE : All the prices listed include transportation costs (for Quebec, Ontario, Atlantic Provinces and a **seed order more than 100\$ PKT**) and any seed treatment fees, such as pesticide, priming, encrusting or pelleting, for any product. We do not invoice any additional charge to the price unless previously agreed with the customer.

AVAILABILITY

Back Order

This situation can arise when we have not received products from our suppliers. When this occurs, we will clearly indicate on your bill the product that will fallow later and will ship them as soon as possible.

Crop failures, substitutions

It may happen that, upon receipt of your order, we are out of a certain product either due to a crop shortage or to being sold out of that variety. In these cases, we will substitute the expired variety with one of equal or greater value. **If you do not want any substitutes, please indicate this on your order form.**

METHODS OF PAYMENT

For more flexibility

We accept cash payments, cheques or, for any order of \$5000 or less, Visa or Master Card. Take note that for annual orders of \$1000 or more, you can benefit of an open account. For more information of this matter, contact your sales representative.

PAST DUE ACCOUNTS

A late fee of 2% per month will be charged on all not paid by the due date specified on the invoice.

REFUND POLICY

A refund or a credit note will be issued on returned merchandise with proof of purchase, within 10 days of the purchase. No refund or credit will be granted after a period of 10 days. Unless exceptional circumstances, a handling charge of 15% of the value of the purchase will be requested. Seeds must be returned to us in the original container, tightly closed with the order form or the invoice. Transportation costs for returning merchandise are the customer's responsibility. Because of short life expectancy on special seeds and primed seeds, orders are non-returnable for credit.

OUR WARRANTY ON SEED

NORSECO guarantees that the sold seeds are in accordance with all applicable provincial and federal laws. **NORSECO makes no warranties, representations or conditions, explicit or implicit, of any kind, on the seed, the subsequent crop or on the absence of disease.** If a human error occurred during packaging of the seed, Norseco will be responsible for the invoiced or paid amount of the buyer's seed purchase. As a condition of admitted responsibility, NORSECO must receive, by registered mail, the claim that the seeds is faulty, 30 days after the discovery of this defectiveness. By accepting the seed, the buyer acknowledges that the limited warranty described above is an agreement of sale between NORSECO and the buyer.

If this limited guarantee is not acceptable for the buyer as a condition of sale, the buyer must not proceed with the sowing and must return the seed, in its original, unopened packaging for the purchase price to be reimbursed to the buyer.

GENETICALLY MODIFIED ORGANISMS

All our varieties have been developed through traditional plant breeding techniques. Please be assured that we will properly identify, at the time, any new variety that has been developed with the use of biotechnology both in our publicity and on all our documents (order forms, invoices, catalogues, price lists, etc.).

PAYMENT METHOD

Pay BEFORE the 15th of the next month and receive 1% discount

All your invoices for the month will benefit from a 1% discount if paid before the 15th of the next month. Otherwise, our terms are net 60 days from the invoice date.

N.B. This data is for your information only. Numerous factors such as climate, cultivation methods, chosen cultivar, etc. might influence the results. Growers should do experiments before starting a large scale production.

NOTES :

1. The photoperid must not exceed 12 hours in winter.
2. Photoperiod less than 13 hours promotes flowering.
3. It is preferable to sow in the final container because it does not respond well to transplantation.
4. The perennial's hardiness depends on the cultivar and the region.
5. Certain cultivars are only propagated by cutting.
6. The multiplication by cuttings is preferable because plants grown from seed may not have the same characteristics.
7. Sow on surface because the seed is very small.
